

MG McGrath

GREAT PEOPLE. AMAZING RESULTS.

MG COLUMN COVERS

PLATE & COMPOSITE PANEL SYSTEM

DESCRIPTION

MG Column Covers systems turn an ordinary structural feature into a beautiful piece of architecture. Column covers, beam wraps, wall panels, ceiling panels, sunscreens, light cones or your own unique designs can now become signature elements of your project. We have what you are looking for whether the desired appearance is round, straight, and/or tapered. Our column covers have been designed and engineered to suit the most challenging or simple projects for both interior and exterior cladding applications. Panels are fabricated with a return flange available in various sizes

FEATURES AND OPTIONS

- Includes concealed fastener clips and stiffeners if required
- Panel system to accommodate substructure tolerance of +0 to -1/8 inch
- Panels can be installed over almost any substrate
- Custom alloys available based on material choice
